

St Philip's C of E Primary School

“Striving for Excellence Together”

Our vision is for St Philip's to be a place which sees us all continually asking the question:

“How can we do things better?”

It doesn't matter if you are a parent, a child, a member of staff, a governor or a member of the locality, if you are part of St Philip's then you share that passion of wanting our school to be the best there is.

When we are striving for excellence together, we will see:

- The best possible outcomes for our children – academically, spiritually, emotionally, physically
- Outstanding staff who are happy, fulfilled and excited to work here
- Parents who are proud of St Philip's, delighted that their children attend and feel supported and engaged by what happens here
- Engaged, diverse and talented governors – who enjoy serving a vibrant, ambitious and well run school
- A school that is outward looking, playing a proactive and integrated role in the local community
- A place where we all strive for 1 Corinthians 16:14 – “Let all that you do be done in love.”

Whoever you are, wherever you fit into the St Philip's community, we would like you to be asking yourself – “How can we do things better?”

Working together, striving for excellence, we can make our school the best there is!
